# Strategy & Vision

## Vision statement

Our vision is to be the company associated with service excellence and stress-free property maintenance.

## Mission statement

Our mission is to encourage home and commercial property owners to trust us to facilitate their transition; we'll do this by building a sound business model and reputation of trust and reliability. c. Values

We pride ourselves in our personal relationships with clients to ensure that all needs are met professionally, on time and within predetermined budgets.

## Business goals & objectives

Reconstructing communities begins by giving hope. Khumdandi Services plants the seed of hope by creating employment opportunities where opportunities seem few. This is the first step to an empowered community and strong committed team.

## Growth strategy

We pride ourselves on development to the highest quality whilst maintaining excellent working relationships with both commercial and residential clients. Sincere business ethics and excellence ensures the successful outcome of each individual PROJECT. This growth strategy creates an important synergy which ensures that everybody involved in the process is completely satisfied.

# Services

## Services

With a network of qualified, reliable and TRUSTED contractors we are able to offer you quality services to accommodate the client's time standards and expectations.

### Business competitiveness

We ensure that our project FEASIBILITY makes us COMPETITIVE in the market and therefore keep US up to date with the latest building technology and trends.

## Quality policies

We aim to deliver value and quality beyond our client's expectations by ensuring that all PROJECTS are completed on TIME, within BUDGET and to the agreed SPECIFICATION.

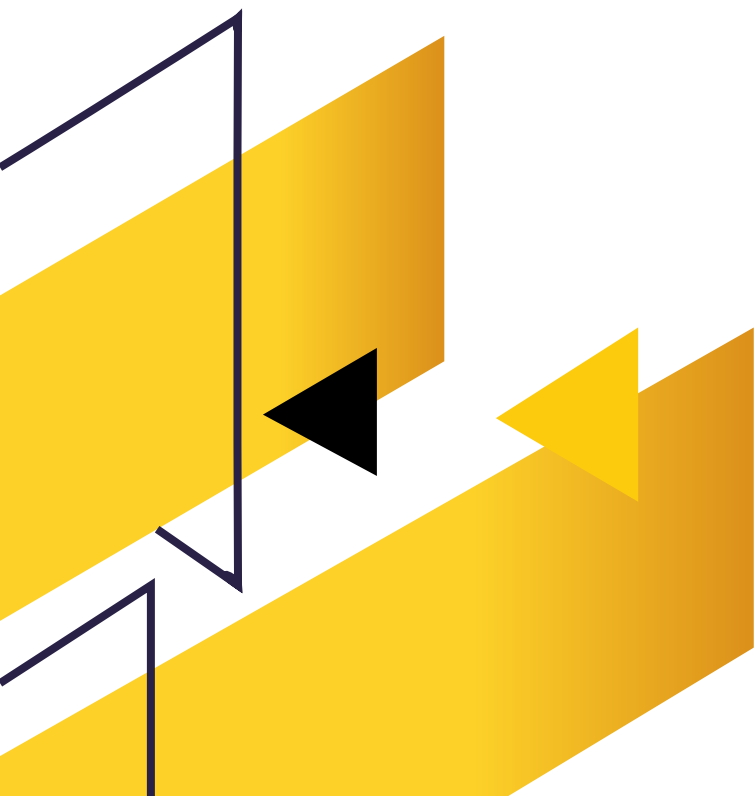

## Affirmative action initiatives

We seek to correct the imbalance of wealth and provide opportunities to people who we're adversely affected as a result of the apartheid regime. Therefore, the staff currently working with us is sent to workshops which help them understand better and which will empower them as an individual to build self-confidence and to confidently climb up the corporate ladder.

We donate to a Non-profit organisation every month. This organisation is part of a feeding scheme the food parcels they put together and the food that is made gets distributed to underprivileged areas.

## BEE

The majority of our staff are black females. The workmen are underprivileged men from our area and surrounding areas..
